

PRESENTATION EXERCISES - SHOWN AGAINST BEHAVIOURS ASSESSED

BEHAVIOURAL AREA ASSESSED	Managing Resources, Programmes & Projects	Working With People & Driving Performance	Collaboration	Problem Solving, Analysis & Decision Making	Leading People, Giving Purpose and Direction	Managing Information & Achieving Results	Communicating, Influencing & Making a Personal Impact	Service Provision & Delivery Focus	Strategic Thinking	Developing and Applying Expertise & Learning Continuously
Wyemoore Bridge is Falling Down										

The year is 2023. An investigation of the main suspension cables on the Wyemoore Bridge was carried out to establish the extent of any corrosion. The work has been progressed with the active co-operation of the Wyemoore River Crossing Authority (WRCA). Visual inspection of the condition of the main suspension cables at nine separate locations is now complete. Corrosion has been identified. The participant outlines how they will approach the issues in their presentation.

Wind Farm										
-----------	--	--	--	--	--	--	--	--	--	--

A range of local opinions have been gathered by the Storm Islands Council Department of Public Affairs to understand how receptive the local population is to a wind farm proposal. This information has been submitted to the Media Club (a PR company). The participant outlines how they will manage the various stakeholder interests in their presentation, along with the communications and PR issues.

Road Signs										
------------	--	--	--	--	--	--	--	--	--	--

As part of a drive to improve road congestion in the county of Southbarn a Public Private Partnership (PPP) was set up between the Roads Agency and a civil engineering company, Southbarn Civil Engineering (SCE). SCE was tasked with a number of enhancements to the motorway infrastructure that links Southbarn to the major business centres. The focus is on road, signage and bridges. The participant outlines how they will approach the issues in their presentation.

BEHAVIOURAL AREA ASSESSED	Managing Resources, Programmes & Projects	Working With People & Driving Performance	Collaboration	Problem Solving, Analysis & Decision Making	Leading People, Giving Purpose and Direction	Managing Information & Achieving Results	Communicating, Influencing & Making a Personal Impact	Service Provision & Delivery Focus	Strategic Thinking	Developing and Applying Expertise & Learning Continuously
Press leak										

The participant is a manager in the Bureau for Public Relations Investigations (BPRI). They have been tasked, along with a small team to investigate and resolve a press leak issue within the Central Transport Authority (CTA) New Roads Committee. The participant outlines how they will approach the issues in their presentation.

Managing The Games										
--------------------	--	--	--	--	--	--	--	--	--	--

In this presentation, the participant assumes the role of independent advisor to the Olympic Games Council for Wales (OGCW), a local body made up of both government officials and Olympic officials, whose responsibility it is to organise the Olympic games in Wales. The participant presents a mission statement with broader implications for the Olympic Games Council for Wales.

Managing Driver Behaviour										
---------------------------	--	--	--	--	--	--	--	--	--	--

Drivers not only represent a key interface between the Backondor packaging company and its customers, but also between the company and the public at large. In recent years the company had noticed an increase in 'inappropriate' driver behaviour incidents, which gave cause for concern. The Backondor board of directors have now asked senior fleet managers to commission a review of what is underpinning this recent trend and what preventative measures can be put in place. The participant outlines how they will approach the issues in their presentation.

Flood Evacuation										
------------------	--	--	--	--	--	--	--	--	--	--

Northbroxton is on high alert as the swollen river Rainwell threatens to break flood barriers and swamp the historic town centre. Water levels are still rising, but correspondents say the situation is extremely confused and the authorities no longer know what to predict. Evacuation is now imminent! The participant outlines how they will approach the issues in their presentation.

Financial Management										
----------------------	--	--	--	--	--	--	--	--	--	--

Option (1) – Middle Management - Participants work in an area where non-finance managers are reluctant to fill in finance forms. This is having an adverse impact on the Directorate's financial management. The participant outlines how they will approach the issues in their presentation.

Option (2) – Senior Management – The participant manages a team that is responsible for carrying out financial appraisal on companies that are applying for long-term contracts within their organisation. The participant outlines what factors they would look for.

BEHAVIOURAL AREA ASSESSED	Managing Resources, Programmes & Projects	Working With People & Driving Performance	Collaboration	Problem Solving, Analysis & Decision Making	Leading People, Giving Purpose and Direction	Managing Information & Achieving Results	Communicating, Influencing & Making a Personal Impact	Service Provision & Delivery Focus	Strategic Thinking	Developing and Applying Expertise & Learning Continuously
Eurorail ESML										

During the twelve months ending May 2021, the Transport Security Intervention Initiative (TSII) security inspectors recorded more than eighty security breaches at the Eurorail ESML, including eight incidents it classified as "failures of security leading to unacceptable or undesirable consequences". The disclosure could not come at a worse time for the government, which is preparing to authorise the controversial construction of a new generation of sonic speed trains later this year. The participant outlines how they will approach these issues in their presentation.

Environmental Crime Prevention										
-----------------------------------	--	--	--	--	--	--	--	--	--	--

Lechlade Metro Light Railway Station is located East of Holmesborough City Centre, approximately 100 kilometres away from the main high street. Due to poor investment and deteriorating conditions, the Station's criminal activities continue to drastically rise. Railway police are experiencing great difficulty in managing these cases whilst at the same time, dealing with the day-to-day network policing. The participant outlines how they will apply an Environmental Crime framework to Lechlade in their presentation.

CultureFEST										
-------------	--	--	--	--	--	--	--	--	--	--

The Festival of Culture represents an annual city festival celebrating cultural diversity through the performing arts. It brings together a wide range of cultural traditions and art forms from a cross section of the community. Some recent public relations issues have led to the establishment of an Independent Review Board (IRB) to evaluate the operation and funding of the Festival. This board has been commissioned to propose a series of management improvements. The participant (from the IRB) outlines how they will approach the issues in their presentation.

Community Regeneration										
---------------------------	--	--	--	--	--	--	--	--	--	--

The background to the presentation exercise revolves around a city in the South of England (Northwart). The city has a number of social issues. Community regeneration is a key domestic policy issue, which has led to the creation of the Commission for Community Regeneration (CCR). Senior council officials from Northwart City Council have approached the CCR with a view to establishing a working alliance to implement an effective strategy to combat drug use. The participant (from the CCR) outlines how they will approach these issues in their presentation.

Caratna – Woman Walk										
-------------------------	--	--	--	--	--	--	--	--	--	--

The background to the work simulation exercise is set in a fictitious country called Caratna in 2020. A number of international support organisations have highlighted transport as a central factor for economic growth and the alleviation of poverty. As a result, a coalition between leading international transport experts resulted in the formation of the World Agency Tackling Poverty through Transport. The most predominant mode of travel for low-income women in Caratna is walking. Women's access to vehicles and services is actually often more constrained by socio-cultural conventions or even bans rather than by physical barriers. The participant outlines how they will approach the issue of making transport more accessible to woman in their presentation.

BEHAVIOURAL AREA ASSESSED	Managing Resources, Programmes & Projects	Working With People & Driving Performance	Collaboration	Problem Solving, Analysis & Decision Making	Leading People, Giving Purpose and Direction	Managing Information & Achieving Results	Communicating, Influencing & Making a Personal Impact	Service Provision & Delivery Focus	Strategic Thinking	Developing and Applying Expertise & Learning Continuously
Airport Security										

Aviation security measures have been designed over the years to prevent terrorist attacking aircraft. However as attacks in recent years have shown any crowded space is vulnerable to attacks – particularly by suicide bombers – stricter security measures are needed to protect all transport hubs. The participant outlines how they will approach the issues in their presentation.

Rage Against The Machine										
--------------------------	--	--	--	--	--	--	--	--	--	--

A UK police team, were called to the Merchant Davies Bank (MDB) in the early hours of the morning yesterday for what they believed was a terrorist incident. Reports and calls were made concerning a man waving a handgun around. However, police quickly left after establishing that the man had simply been suffering a bad case of PC rage, threatening his computer with a plastic pellet pistol. The participant outlines how they will approach the issue of PC rage at the MDB in their presentation.
